**Items for discussion:**

*February 16th & 17th Executive Board Meeting*

“Shippers Guide – A continuing work in progress with Doug and Brian I think the three of us should sit down in a private session and discuss along with the RPP program.”

On February 25<sup>th</sup>, 2011 Terry, Brian, Doug and I had a conference call discussing Code of Ethics, RPP, and touching on the “Shippers Guide.” Brian will be reporting the details of our call.

On the Shippers Guide, Brian, Doug and I decided that it would be beneficial if I reached out to our International Members with a personalized email requesting Customs information. I sent 605 personal emails and we received hundreds of responses. Currently we have 78 updated Shipper Guides on the website and much information that is waiting to be incorporated into our template and format.
